About Southern Cable Group Berhad (南方电缆集团)

Founded in 1993, Southern Cable is principally a manufacturer of cables and wires that are used for power distribution and transmission, communications as well as control and instrumentation applications. The key supporting activities for the cable and wire manufacturing operations include furnace and casting operations and manufacturing of plastic compounds and wooden cable drums.

Through its factories in Kuala Ketil and Sungai Petani, Kedah, the Group has a total annual production capacity of 26,400 tonnes of aluminium and copper rods, 33,780 km of cables and wires and 7,800 tonnes of polyvinyl chloride (PVC) compounds.

The Group's cables and wires are used in various industry sectors including power distribution and transmission, telecommunications, building and construction, infrastructure, manufacturing and processing industries including oil and gas processing and petrochemical plants. The Group has also obtained TÜV SÜD certification for power cables and wires used in solar photovoltaic systems.

Southern Cable is the registered supplier of cables and wires with Tenaga Nasional Berhad, Telekom Malaysia Berhad, Sabah Electricity Sdn Bhd and Petroliam Nasional Berhad.
