Southern Cable secures RM83.2mil contract from Sarawak Energy

KUALA LUMPUR: Southern Cable Group Bhd's wholly-owned subsidiary Southern Cable Sdn Bhd has received a contract worth RM83.2mil from Sarawak Energy Bhd to provide power cables and conductors.

It said in a statement the contract entails Southern Cable supplying and delivering cables and conductors to Sarawak Energy's Distribution Network Division for a period of 18 months starting from November 2022.

Managing director Tung Eng Hai said the contract signifies its client's confidence in its manufacturing capabilities.

"We are optimistic of our prospects in Sarawak, not just because we have made inroads into the state, but also due to the vast opportunities as the government plans to invest more than RM100bil in infrastructure and development," he added.

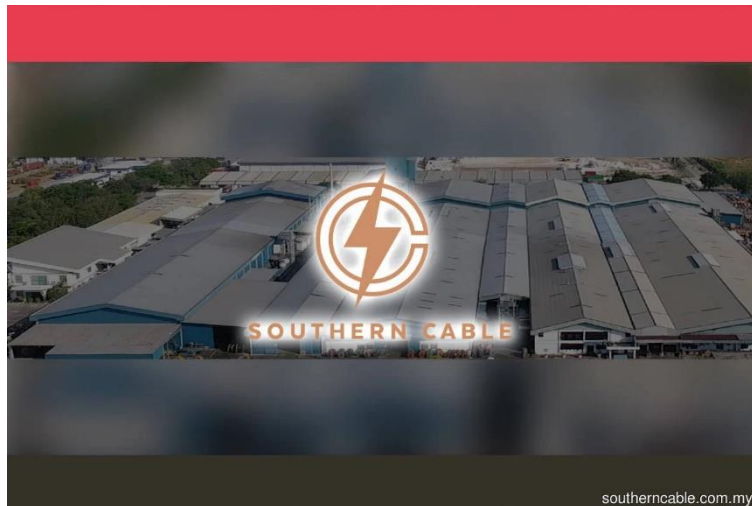

According to Southern Cable, East Malaysia contributed 11% or RM43.5mil of the group's total revenue of RM399.7mil, up from RM25.5mil in the same period last year.

It said the increase in contribution was owing to higher orders from the construction and utility sectors.

The group's current orders in hand amount to RM752.9mil, which is expected to improve its earnings for the financial years ending Dec 31, 2022, to 2024.

Southern Cable unit clinches RM83 mil contract to supply power cables to Sarawak

KUALA LUMPUR (Nov 10): Southern Cable Group Bhd's unit secured an award worth RM83.2 million from Sarawak Energy Bhd to provide power cables and conductors.

In a filing with Bursa Malaysia on Thursday (Nov 10), the cable and wire manufacturer's wholly owned subsidiary Southern Cable Sdn Bhd will supply and deliver cables and conductors to Sarawak Energy's distribution network division for a period of 18 months starting from November 2022.

Managing director of Southern Cable, Tung Eng Hai, said the contract will lead to increased tenders in the future, and eventually higher revenue contributions from East Malaysia.

"We are optimistic of our prospects in Sarawak, not just because we have made inroads into the state, but also due to the vast opportunities as the government plans to invest more than RM100 billion in infrastructure and development," he said in the statement.

For the first half ended June 30, 2022, East Malaysia contributed 11% or RM43.5 million of the total RM399.7 million in group revenue, improving 70.7% from RM25.5 million in the same period last year, attributed to higher orders from the construction and utility sectors.

With this new win, the group's current orders in hand amount to RM752.9 million, which would improve its earnings for the financial years ending Dec 31, 2022 until 2024.

The current orders include the RM293.8 million supply contract secured from Tenaga Nasional Bhd in July 2022.

Sarawak aims to invest more than RM100 billion to fund various state projects such as the anticipated H2biscus hydrogen plant, and development of infrastructure such as roads and bridges, water and electricity supply, and telecommunications network.

This, in turn, would lead to higher demand for cables and wires to support the state's expansion plans.

"Our recent appointment as a registered supplier with Sarawak Energy is a recognition of our track record in meeting their quality expectations. This will enable us to take part in larger-size tenders in the future with the state power provider, supporting them in meeting Sarawak's power demand," added Tung.

"Southern Cable has supplied major projects including the Mass Rapid Transit 1 and 2, as well as the Refinery and Petrochemical Integrated Development in Pengerang, Johor.

Shares of Southern Cable closed unchanged at 30 sen on Thursday, giving it a market capitalisation of RM236.13 million.

Southern Cable raih kontrak RM83.2 juta daripada Sarawak Energy

KUALA LUMPUR 10 Nov - Southern Cable Sdn Bhd iaitu syarikat milik penuh Southern Cable Group Bhd meraih kontrak daripada Sarawak Energy Bhd untuk menyediakan kabel kuasa dan konduktor bernilai RM83.2 juta.

Kontrak itu melibatkan Southern Cable membekal dan menghantar kabel dan konduktor ke bahagian rangkaian pengedaran Sarawak Energy selama 18 bulan bermula dari November 2022.

Pengarah Urusan Tung Eng Hai berkata, kontrak yang cukup besar itu menandakan keyakinan pelanggan Southern Cable terhadap keupayaan pembuatannya.

"Kami berharap ini akan membawa kepada peningkatan tender untuk kami, dan akhirnya sumbangan hasil yang lebih tinggi daripada Malaysia Timur."

"Kami optimis dengan prospek kami di Sarawak, bukan sahaja kerana kami telah memasuki negeri ini, tetapi juga kerana peluang yang luas kerana kerajaan merancang untuk melabur lebih RM100 bilion dalam infrastruktur dan pembangunan," katanya.

Bagi separuh pertama berakhir 30 Jun 2022, Sabah dan Sarawak menyumbang 11% atau RM43.5 juta daripada jumlah RM399.7 juta hasil kumpulan, meningkat 70.7% daripada RM25.5 juta dalam tempoh yang sama tahun lepas, disumbangkan oleh pesanan yang lebih tinggi daripada sektor pembinaan dan utiliti.

Dengan kemenangan baharu ini, tempahan semasa syarikat dalam tangan berjumlah RM752.9 juta, yang akan meningkatkan pendapatannya bagi tahun kewangan berakhir 31 Dis 2022 hingga 2024.

Tempahan semasa termasuk kontrak bekalan RM293.8 juta yang diperoleh daripada Tenaga Nasional Bhd pada Julai 2022.

Sementara itu, syarikat itu berkata dalam tempoh lapan tahun akan datang, Sarawak dijangka melabur lebih RM100 bilion untuk membiayai pelbagai projek negeri seperti jangkaan loji hidrogen H2biscus, dan pembangunan infrastruktur seperti jalan raya dan jambatan, bekalan air dan elektrik, dan rangkaian telekomunikasi.

Ini seterusnya akan membawa kepada permintaan yang lebih tinggi untuk kabel dan wayar untuk menyokong rancangan pembesaran negeri.

“Pelantikan kami baru-baru ini sebagai pembekal berdaftar dengan Sarawak Energy adalah pengiktirafan rekod prestasi kami dalam memenuhi jangkaan kualiti mereka.

“Ini akan membolehkan kami mengambil bahagian dalam tender bersaiz lebih besar pada masa hadapan dengan pembekal kuasa negeri, menyokong mereka dalam memenuhi permintaan kuasa Sarawak,” tambah Tung. - DagangNews.com
