PRESS RELEASE

Southern Cable secures RM121.1 million variation orders from Tenaga Nasional Berhad

- *Award for underground cables and conductors increases total TNB contract value from RM403.6 million to RM524.6 million*
- *Total orders in hand rise to RM1.16 billion, to be fulfilled until 2027*

Kedah, Malaysia, 4 February 2026 - Cable and wire manufacturer Southern Cable Group Berhad (Southern Cable, the Group, 南方电缆集团, Bloomberg: SCGBHD MK) secured additional RM121.1 million orders for its existing contract from Tenaga Nasional Berhad (TNB) for the supply of underground power cables and conductors.

The addition follows TNB's decision to increase its orders within the existing contract awarded to Southern Cable in February 2025. The increase raises the total contract value with TNB to RM524.6 million, up from the original RM403.6 million. The contract is being fulfilled by the Group's subsidiary, Southern Cable Sdn Bhd, for TNB's Distribution Network Division.

Following the award, the Group's total orders in hand stood RM1.16 billion, providing earnings visibility until 2027, at the same time, reflecting sustained demand for critical power infrastructure as Malaysia accelerates national grid modernization alongside the National Energy Transition Roadmap.

“We are seeing robust demand as Malaysia accelerates its energy transition and infrastructure upgrades. The variation order reflects TNB’s continued confidence in our ability to deliver the cables critical to the national power grid.

To meet rising power demand driven by the rapid expansion of data centres, industrial developments, and solar projects, we continue to expand our capacity and capabilities in cable and wire solutions. Looking ahead, we are well positioned to take on more orders and capitalize on the industry’s growth, strengthening our market leadership.”

Mr. Tung Eng Hai (“陈永海”),
Managing Director of Southern Cable Group Berhad

SOUTHERN CABLE GROUP BERHAD

201901011439 (1320767-M)

INCORPORATED IN MALAYSIA

Southern Cable is expanding its production capacity via a new facility on a 7.9-acre site adjacent to existing operations. A high-capacity aluminium furnace, scheduled for completion in the first quarter of 2026, will triple aluminium rod output to over 60,000 MT annually, enhancing scalability for domestic and overseas markets.

Furthermore, the Group is on track to integrate new production lines for Medium- to High-Voltage and Extra-High Voltage cables by 2027, diversifying its portfolio into higher-value products to drive sustainable growth.

About Southern Cable Group Berhad (南方电缆集团)

Founded in 1993, Southern Cable is principally a manufacturer of cables and wires that are used for power distribution and transmission, communications as well as control and instrumentation applications. The key supporting activities for the cable and wire manufacturing operations include furnace and casting operations, and manufacturing of plastic compounds and wooden cable drums.

Through its factories in Kuala Ketil and Sungai Petani, Kedah, the Group has an annual production capacity of 20,400 tonnes and 18,000 tonnes for aluminium and copper rods, respectively, about 54,980 km for cables and wires, and 7,800 tonnes for plastic compounds.

The Group's cables and wires are used in various industry sectors including power distribution and transmission, telecommunications, building and construction, infrastructure, manufacturing and processing industries including oil and gas processing and petrochemical plants.

Additionally, the Group holds certifications for product compliance to local and international standards for its cables and wires. These certifications include Malaysian Standards (MS), IEC standards or British Standards, Energy Commissions of Malaysia, Fire and Rescue Department of Malaysia, SIRIM QAS International, TÜV SÜD, and UL Standards.

Southern Cable is the registered supplier of cables and wires to Tenaga Nasional Berhad, Telekom Malaysia Berhad, Sabah Electricity Sdn Bhd, and Petroliaam Nasional Berhad, as well as supplies to Sarawak Energy Berhad.
